

CLIMATE FIX

KC562 CLIMATEFIX dew point sensor Dew point sensor

6354200

Areas of application

To measure and sense the dew point of ceiling cooling systems, it is installed in the cooling ceiling at the medium pipe, the sensor pipes are cut off after the ceiling has been installed and measure the humidity, incl. 10m cable (2 x 0.5mm²) and fastening material for attaching it to the pipe for a max. ceiling thickness of 30mm

Specifications

Product information	
VPE1	1 KT1
weight	0,071 KGM
text	CLIMATEFIX dew point sensor
INTRNR	90303370
main material group	CLIMATEFIX
material group	CLIMATEFIX fittings
code	KC562

Art. No	label
6354200	Dew point sensor
