

KELOX_{FB}

KELOX BUS 24V connection unit 370x52x75mm

5881560

Areas of application

For connecting a maximum of 8 room thermostats, possible to connect up to 12 (24V) thermal motors, potential-free contact for a changeover signal, as well as pump logic for switching a 230V/200 W circulation pump, up to 7 KM693 can be connected via syBUS. Integration into a network by means of an RJ45 Ethernet port is possible, operation by means of a Web interface or smartphone app (a network connection is necessary) or via a KM692K room unit. Integration by means of an XML interface into a centralised instrumentation and control system is possible

Connection voltage: 230V AC 50 Hz

Size: 370x52x75mm

Colour: light grey (RAL 7035)

ATTENTION: Take into account space requirement in manifold cabinet!

Only in conjunction with KM692K bus room thermostats!

Only in conjunction with KM596 KELOX 24V thermal motor!
